Declaration

I received the CD with the data collected in the InCHIANTI project and all documents needed for their use and interpretation.

I commit myself :

1. To use the InCHIANTI data only for research purposes;
2. To maintain the data in a place that cannot be easily accessed by others, and to make them accessible only by a password.
3. Never attempt to link the data to the specific persons who provided them and to respect the current Italian legislation on *privacy*.
4. To publish or to describe in public presentations only data that were obtained from analyses formally approved by the Publication Committee.
5. To mention the InCHIANTI project in all publications that report, in any part, data from the InCHIANTI databases.
6. To submit an analysis proposal to the Publication Committee and wait for its approval before initiating a new analytical project.
7. To include in the publications concerning data from the InCHIANTI the authors suggested by the Publication Committee, provided that they make a substantial contribution to the analysis and/or the writing of the manuscript.
